

April 2023

BHI'S 60TH ANNIVERSARY

Celebrate this milestone with us!

*We are proud to have served
Florida for over 6 decades!*

Since our incorporation on April 12th, 1963 BHI has strived to provide Florida's residential home builders with both high quality building products and top-tier service.

As we continue to grow this legacy, we are diligently working to increase our access to quality products. We are also constantly looking at the way we do business, to improve our processes and further raise our quality of service.

Thank you for partnering with us throughout these years. We look forward to an even brighter tomorrow!
